

Octavio Diaz Fernandez

Software Developer

Utah, United States · [linkedin.com/in/octaviodiaz](https://www.linkedin.com/in/octaviodiaz) · +1 406 517 0575 · octaviodiaz262@gmail.com

Software Developer with a strong foundation in software development lifecycles (SDLC), data structures, and algorithmic problem-solving with freelance experience building full-stack web applications. Proficient in JavaScript, React, and Node.js, with a focus on delivering efficient solutions through REST APIs. Effective communicator and Agile team player with a track record of solving complex technical challenges like optimizing inventory workflows.

Professional Experience

EPE Freelance Full Stack Developer	Santa Fe, Argentina April 2024 – April 2025
--	---

- Developed a full-stack web application using React, Node.js, and MySQL to replace manual Excel-based workflows, enabling real-time inventory tracking for businesses.
- Implemented role-based user access control (admin, manager, employee) to secure sensitive data and streamline collaborative workflows.
- Designed a multi-warehouse management system with centralized oversight, reducing stock discrepancies by 35% for clients with distributed storage.
- Integrated automated low-stock alerts and dynamic reporting tools (charts, summaries) to empower data-driven decision-making.
- Followed Agile SDLC practices to deliver a scalable inventory system, ensuring iterative testing and stakeholder feedback integration.
- Collaborated with two developers via Agile methodologies and GitHub for version control, delivering the project on time.
- Github Repo: [\[SIPE\]](#) | Tech Stack: React, Node.js, Express, MySQL, Tailwind CSS

Education

Instituto de Estudios Superiores Computer Science	Santa Fe, Argentina December 2024
---	---

Skills

- Frontend: HTML5, CSS3, JavaScript(ES6), TypeScript, React, Angular, Next.js, Redux, Tailwind CSS
- Backend: Node.js, PHP, REST APIs, GraphQL
- Databases: SQL, PostgreSQL/MySQL
- Tools: Git, GitHub, Agile Methodologies(Scrum)
- Software Development Fundamentals: SDLC (Agile/Scrum), Data Structures, Algorithms, Design Patterns
- Languages: English (C1 Advanced), Spanish (Native)
- Soft skills: Team Collaboration, Problem-Solving, Client Communication, Adaptability, Fast Learner, Cross-functional Collaboration, Manual Testing, QA
